# **HORIZONTAL WINDOW SYSTEM**

## HORIZONTAL WINDOW SYSTEM

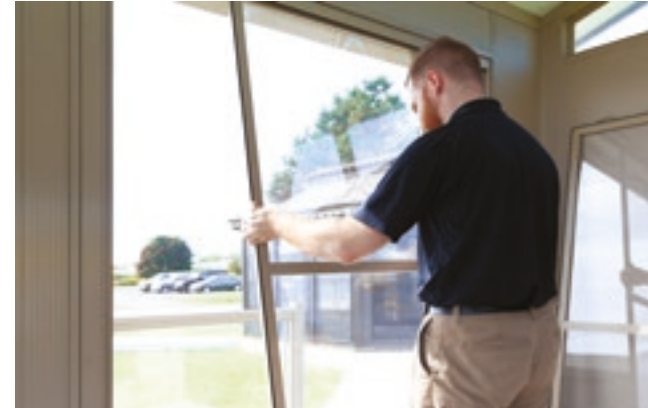

The WeatherMaster® Horizontal 2 and 4-Track Window System closes to reduce wind, rain, pollen & sound. These units move effortlessly, sliding right or left to allow a generous 50% to 75% ventilation. Designed specifically for porches, screen enclosures or even gazebos, the WeatherMaster® system is easily installed and can convert any of these areas into your favorite 3 season room in the house.

H2T  
Horizontal 2 Track

H3T  
Horizontal 3 Track

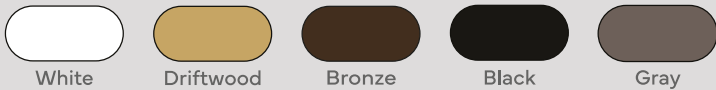

H4T  
Horizontal 4 Track

Spring loaded vents lift out easily for simple cleaning & storage
